Action taken report from Stakeholders recommendations (2022-2023)-ODD Semester

S.No	Stakeholders	Recommendations	Action to be taken
1	By Industry Experts	Mr.Arunesh Karthick, Lead System Engineer, GE- Healthcare, Bangalore, suggested to include practical experiments related to handling of medical devices.	Practical experiments/ hands-on training must be included in the curriculum..
2	By Alumni	Engage former students in BOS and solicit their feedback on how to improve the curriculum to meet the demands of the labor market.	Curriculum suggestions from alumni may be taken into consideration.
3	By students	According to respondents, the syllabus consistently filled in the gaps between theoretical knowledge and its application in real-world situations.	The department will work hard to meet students' desires and needs for increased knowledge and skills.
4	By Academic Experts	Experts suggested to incorporate case studies based on biomedical applications in the courses.	Case studies based on biomedical applications need to be included in the courses wherever necessary.
5	By Parents	Training in communication skills and personality development is required	Mentors (Faculty) are assigned to help students develop their personalities and communication skills.

Action taken report from Stakeholders recommendations (2022-2023)-EVEN Semester

S.No	Stakeholders	Recommendations	Action to be taken
1	By Industry Experts	Mr.S.Kiruba, Technical Architect, Philips Medical Systems, Bangalore suggested that handling of few courses can be done in collaboration with industry persons and hospital experts.	The BoS members have to identify the courses and can get approved by Academic Council which can be handled by the industry persons or hospital experts
2	By Alumni	Content of the curriculum is satisfactory. Results are clearly stated.	To revise and include new topics and also update the latest edition text books.
3	By students	Few students requested to include more practical concepts which may help the students to become Entrepreneurs.	Workshops and hand-on training need to conduct along with the various Department technical activities.
4	By Academic Experts	Experts suggested revising the number of subjects for each vertical and mentioning the prerequisite.	The BoS members need to reframe the order of courses in the suggested verticals.
5	By Parents	Parents are suggested to have intensive placement training program for the students.	Placement training programs are started from the third year itself to improve the effectiveness during the placement drives.
