Sona College of Technology, Salem-5

Department of Electronics and Communication Engineering

Date: 27.06.22

Action taken report for stakeholders' recommendations(2022-23)ODD semester

S.No	Stakeholders	Recommendations	Action To be Taken
1.	Industry Experts	Mr. M. Kumar, GM, R&D, Mahindra and Mahindra suggested including vehicular communication systems topic in the Wireless Communication Course.	The Communication vertical faculty members are requested to frame the syllabus with Vehicular communication systems topic in the Wireless Communication Course.
2.	Alumni	Numerous alumni have praised the department for its dedication to ongoing enhancement, as demonstrated by the incorporation of contemporary teaching methodologies and technologies.	The department continues to strive for excellence in education by staying abreast of the latest advancements in teaching methodologies and technology
3.	Students	Most of the students expressed that they are satisfied with the course content of the B.E(ECE) programme.	The department can proactively address the evolving needs of students, maintain high levels of satisfaction, and continuously improve the B.E. (ECE) program
4.	Employers	Some employers have indicated that students require additional training in fundamental technical skills.	Additional Training sessions are proposed for students to enhance their technical skills.
5.	Parents	Few parents requested to include industry-offered courses for the benefit of students	The Head of the Department has reached out to Live Wire PVT LTD and Tessolve Semiconductors to arrange industry-oriented courses.
6.	Academic Experts	Dr. P. Prakash, Prof/ECE, MIT Campus recommended having optical communication in 3 units and Microwave contents in 2 units for the Microwave and Optical Communication Course.	The faculty responsible for the course must engage in discussions regarding the restructuring of the syllabus for the Microwave and Optical Communication course.
