

Centre for study of Rainfall and Radio Wave Propagation (CRRP)

Department of Physics

OBJECTIVES

- To find out the dynamics of rainfall and its effects on radio wave propagation and to create a centre of excellence in the field
- To form a core national group working in the field

ACTIVITIES

- Research in the field of rainfall and radio wave propagation
- Conducting seminars / symposia
- Guiding M.Phil., and Ph.D students
- Patenting idea

Centre Head: Dr. Rajasri Sen Jaiswal
(Ext No 798)

Team member : M. Rasheed
Sonia Fredrick
V.S. Neela
Leena Zaveri
