Automotive Engine Test Facility - This centre of excellence is set up in collaboration with ARAI (Automative Research Association of India, Pune) and supported by Ashok Leyland, Greaves Cotton and TAFE. One of the thrust areas of this centre is to develop lightweight energy efficient automotive systems. The centre is equipped with 150 KW, 500Nm Eddy Current dry gap dynamometer with an initial investment of about INR 1 crore on engine test cell equipment to conduct performance, emission and durability studies on Internal Combustion Engines.

only one to offer a B.Tech in Genetic Engineering. This year, the state's top institute IIT Madras is rated AAAAA. NIT Tiruchirappalli and Anna University (CEG Campus) rated at AAAA+ share the same rating with five good private players namely Vellore Institute of Technology, PSG College of Technology Coimbatore, Thiagarajar College of Engineering Madurai, SASTRA Thanjavur and Amrita Vishwa Vidyapeetham University Coimbatore, though we found that the differential score was not uniform among the institutes. There are six institutes rated at an AAAA level. Interestingly, several institutes upgraded their score to AAA+ and AAA in 2014.

Several institutes offer programmes in lesser known disciplines such as Marine, Petrochemical, Aeronautical and Textile Engineering. A key feature of this state is the phenomenal growth over the last five years in the number of private deemed universities that offer engineering degrees. B

NOTE: Only 56 out of the 527 rated colleges are presented. For the full list visit www. engineering.careers360.com
