### DAYS OF OUR LIVES

Little by little I fall away,  
Little by little come closer  
Welcomed by the earth.  
Still I grow like a tree,  
With my roots to the earth.  
I might rise , I might fall  
In the end I still am here.  
With you and to serve you.  
Now, little by little I rise away  
While wanting to be hugged by it.  
And now it's a story of you and me,  
Closer than ever but far apart.  
And thus the sky cried  
And so did we.

### HAPPINESS....

My dear moon  
You are so... cute  
After seeing you  
My heart get bloomy...

I know, you have soye spots on you  
but still you look so preety while you shine.

The way you give smile  
my strees get away  
And I everyday pray with god,  
When you because of mine.

My dream moon you know one thing  
Although our conversation is one sided  
Your sweet smile gives reply to me.  
ohhh...

T don't know how to express my feeling to you  
But I know you also think something about me; my  
heart is saying.

Ok dear moon for now good night love u dear moon.
