

Department : Fashion Technology

S. No.	Name of the Supervisor	Supervisor No	Name of the Scholar guiding	Date of enrolment	Title of the Research
1	Dr.D.Raja	2350098	1.Mr.K.Mani	Jan 2017	Design and Development of Assistive Devices to operate industrial Sewing Machine suitable for persons with Locomotor Disabilities
			2.Mr.K.R.Nandhagopal	Jan 2016	Preparation and Characterization of Surface modified Basalt Fibre& Re bar Reinforced Concrete
			3.Mr.S.S.Suresh	Jan 2017	Design and development of wireless wearable haptic gloves for differently abled person to operate sewing machine
			4.Mr.D.Chinnadurai	Jan 2017	Design and development of instrument to measure vertical wicking of fabrics by using sensors
			5.Mr.C.Rajesh Kumar	Jan 2021	Development of Feminine Hygiene products using natural herbs to enhance antibacterial and moisture properties
			6.Mr.R.Gobinath	Jul 2021	Performance Measurement and Analysis of Active Sports Wear
2	Dr.M.Rameshkumar	2350109	1. Mr.P.V.Kandhasamy	Jul 2016	Investigation on Sol-Gel Coated conductive Textile Materials For electromagnetic Shielding
			2.Mr.Sajid Ahmed Qureshi	Jul 2017	Design and fabrication of weft-end gripper for the elimination of false selvedge and associated yarn wastage on rapier looms
			3. Ms.C.Premalatha	Jul 2016	Investigation on natural substances for insect repellency in synthetic net material
			4. Ms.P.C.Shobana Sree	Jan 2017	A Study of comfort properties of cellulose elastane plated knitted fabrics
			5.Ms.C.Jayanthi	Jul 2019	Study on comfort properties of raised fleese fabric knitted with different face and fleece yarn for sports wear.
			6.Ms.T.Menaka	Jul 2021	Design and Development of fancy yarn with anti-microbial finish
			7.Mr.K.V.Lokesh	July 2021	Design and Development of Multi-layer winter garment through Handloom process for better Comfort Properties
			8.Ms.N.Savitha	January 2016	Experimental evaluation of mechanical behavior and durability of textile reinforced concrete structures
